## CHAMBER MEMBER BUSINESS SPOTLIGHT

### **ARLINGTON CHIROPRACTIC & ACUPUNCTURE**

"I had hurt my back in my early 20's and experiencing firsthand how much chiropractic care helped me recover, I knew I wanted to become a Chiropractor," says owner, Dr. Josh Jensen. That personal turning point eventually led him to Arlington, where, as he recalls, "April of 2014 is when I took over Dr. Heuer's clinic. This April we will be celebrating 11 years and this past March we celebrated 5 years of having Grace here at ACA."

Since day one the practice has embraced continual improvement. "Over the years, Arlington Chiropractic practice has evolved significantly to better serve our patients. We've embraced new treatment options, techniques, and technologies" Josh explains. Today the menu spans chiropractic care, acupuncture, massage therapy, decompression, ultrasound and

muscle stimulation, along with DOT exams, drug and alcohol testing, and wellness products.

Whole-family wellness sets ACA apart. "We treat patients of all ages, from infants to seniors," he emphasizes. "Whether it's helping newborns with gentle adjustments, supporting growing children with posture and spinal health, or providing pain relief and mobility solutions for parents and grandparents, we focus on whole-family wellness." From the first greeting, "we strive to create a warm and family-friendly atmosphere where patients feel comfortable and understood."

Business ownership brings its share of hurdles, yet Josh sees them as fuel for growth. "Every day is a challenge as a business owner but we take things one step at a time. We look at every challenge as an opportunity to better serve." The payoff, he says, comes when "helping someone find relief from chronic pain, regain mobility, or improve their overall well-being."

Their service extends beyond clinic walls. "We believe in giving back to the community by being available and supportive of the town in any way we can," Josh notes—whether that's sponsoring youth sports teams, donating locally, or lending professional advice. Asked for one piece of wisdom for new entrepreneurs, Josh is succinct: "Surround yourself with good people who have good intentions and are there to support you to navigate new business ownership."

Dear Chamber Supporters and Members,

Momentum is building across the region, and I'm excited to share what we've achieved together over the past month:

- **Arlington Mural Wall—project secured.** The donor plaque has been finalized formally recognizing every contributor. We also finalized a protective covenant guaranteeing the mural's preservation—even if ownership of the building changes—so this community landmark remains intact.
- **Arlington Days—planning in high gear.** The Chamber spearheads the festival. A three-day schedule of entertainment, vendors, and family activities is now posted on our website; committees are booking talent, lining up parade entries, and signing sponsorships.
- **Gateway billboard—green-lighted.** After lobbying the City Council, we secured unanimous approval to erect a new billboard by the Arlington Airport. This sign will promote local events and highlight Chamber members. Site prep begins as soon as the ground is ready.
- **Chamber scholarship—\$500 awarded.** We reviewed several excellent applications and selected Preston Singrey as this year's recipient. Applications closed April 1, and the award was presented on April 14.
- **Membership at an all-time high.** More businesses than ever are investing in the Chamber, expanding our collective voice and networking opportunities. If you know a business that hasn't joined yet, invite them—stronger numbers mean stronger advocacy.

These advances happen because of your dues, ideas, and volunteer hours. Thank you for your commitment to keeping the **Arlington Area** vibrant and business-friendly. Thank you for your support—these wins are yours, too. Questions or ideas? I'm just a call or email away.
